

Model Application for Paid Modeling Jobs

You are applying for work as a body painted model. This means you have read the FAQ and guidelines for body paint models and are comfortable with them. As this is an entertainment role, casting is done based on appropriateness for a given role and is therefore based on age, appearance, body type and other factors. This is an On Call Application, meaning we will keep your info on file and contact you when we have an assignment to offer you.

If hired for work, are you legally able to work in the US, provide W9 tax information and so on?

Are you comfortable standing for long periods of time?

Would you be interested in representing products or services while painted, such as in a trade show environment?

Would you be interested in exhibition work, where you are being painted "On Stage" in view of spectators?

Do you understand that, while we typically do not do nude work, you would be wearing minimal coverage in many jobs such as G string, Bikini, Jock, Pasties etc.?

Would you prefer to ONLY be called for "Waist Up" assignments or "Upper Bust" modeling? (This will limit opportunities)

What modeling experience have you had?

Professional Reference and how may they be contacted? (Ask them permission first.)

What else would you like us to know?

Please answer these questions in any format that is best for you, including plain text e mail, and send along with a current snap shot (Not nude) that shows us your basic facial look, and body type.

On the rare occasion, we offer unpaid Trade For Picture work for our portfolio. Do you want to be notified of these opportunities as well?
